

# ACCESSIBILITY

Robert believes that art can have a tangible impact on how a person experiences the world around them and as such, it is a very powerful tool when it comes to shaping it.

[www.robertmoutrey.com](http://www.robertmoutrey.com) is a platform to share art and ideas, connecting people through stories, memories and experience. Robert Mourtey is passionate about the power of art and its accessibility to all with a view to creating a kinder, safer, and more inclusive world.

With that in mind, [www.robertmoutrey.com](http://www.robertmoutrey.com) is for everyone and anyone who loves art. And if you have ideas on how Robert can broaden his approach to accessibility he would love to hear from you.
